New Balls to Wrong Player(s)

Case: The wrong player or team was given new balls with which to serve.

Decision: If the error is discovered after the first point, then the team/player continues to serve with the new balls. The team/player who should serve with new balls receives new balls to serve the next game. Once a point has been played in the second game, the ball change sequence shall remain as altered. In no case shall new balls be replaced by the old balls after a service game has started.

Re-Warm-Up, Balls

Case: At the end of a game there is a twenty (20) minute rain delay. A ball change was also to occur after that game. When play is resumed, new balls will be in play. What balls are used for the re-warm-up?

Decision: New balls should be used for the re-warm-up. At the end of the warm-up, these balls will be taken away and replaced with new balls to resume the match.

Broken Ball

Case: A ball in play breaks (no compression).

Decision: Replay the point.

Soft Ball

Case: After the point has been completed, the player claims that the point should be replayed because the ball is soft and unplayable.

Decision: The point stands as played. A "soft" ball is not cause for replaying a point even if the chair umpire decides that the ball must be replaced.

Case: During a rally, player A catches the ball and wants the point re-played, claiming that the ball is "soft" and unfit for play.
